THIS MONTH'S COVER

July 4th, 1776 is the birth date of our great republic. The Declaration of Independence, the Bill of Rights and the Constitution of the United States of America spell out the ideals and framework for our democratic way of life. It has not been without cost. Our service men and women, from the Minutemen to our present all volunteer military, have been our protectors, often with the ultimate sacrifice of their lives, in order that we may continue to live in freedom as no other citizen of any country ever has. As we remember this historic date and day with celebrations of traditional picnics and fireworks, let us also take the time to remember and celebrate our service members and let them know we support them.
